

It's Time to Picture Yourself in Israel

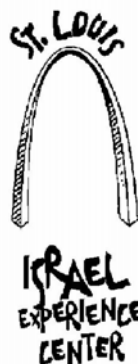

Did you know that you can use your Passport to Israel funds after 9th grade?

Consider traveling to Israel during the summer, for a semester or even a year.

The Possibilities are Endless.....

Summer Programs

A trip to Israel should be the highlight of your teenage years. Hike, climb, discover and explore Israel's history with teens from across North America. Return home with endless personal accomplishments, meaningful memories and stories you'll never forget.

Summer trips to Israel range in length from three to six weeks.

Post-High School Programs

Consider spending a year in Israel while earning college credit. Nothing else can put a lifetime of Jewish education into context as well as a long-term Israel program in which you can unpack your bags, study, volunteer and experience the country in an authentic, genuine way. Subsidies are available through MASA, a joint project of the Jewish Agency in Israel.
