

They grow so fast...

Now is the right time to start saving for a teen Israel experience!

Passport to Israel

Passport to Israel is...

- An investment opportunity to help your family accumulate designated funds from outside sources for your child's teen Israel experience.

Where do these outside matching sources come from?

- Partial or matching funds from participating congregations
- \$100 per year for 8 years from the Jewish Federation of St. Louis

Who is eligible?

- All Jewish students in grades 3-8 are eligible to enroll in Passport to Israel. The eligible student enrolls in Passport through his/her congregation. Non-affiliate participants may register at CAJE.

How does it work?

- The Jewish Federation of St. Louis will earmark \$100 a year, up to a maximum of eight years when families and participating congregations contribute a combined minimum total of \$200 to a special Israel saving fund.
- Families that participate for the full eight years will save approximately \$3,000 to help pay for an educational trip to Israel for their child.
- Additional "gift deposits" can be put into a participant's account by their family members and/or friends.
- All contributions to your Passport to Israel account will be invested by the Jewish Federation.
- Families will receive reports annually on the status of their account.

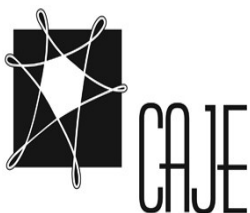

When can the Passport to Israel funds be used?

- Students are eligible to use their Passport funds on an educational teen Israel program between the conclusion of 9th grade through age 26.

What happens if.....

- We withdraw from the program. Families may withdraw at anytime without losing their initial investment. Upon withdrawing, the family forfeits its rights to the contributions of the Jewish Federation, congregation and all accrued earnings.
- We discontinue congregation membership and join another congregation. The previous congregation's contributions from the previous years remain in the child's account. You may continue in the program pursuant to the terms agreed upon by the new congregation.
- Savings cannot be transferred from one family member to another family member.

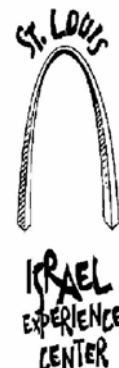

Invest in your child's Jewish future today!

Live. Love. Learn Jewish.
